

**CRS Workgroup Meeting Zoom Chat
November 17, 2021**

R. Darrell Smith: I have construction going on nearby, so very noisy to come unmuted. I am an environmental consultant in Berkeley Springs, WV (Morgan County). We are CRS Class 9.

Mark Kluck: Mark Kluck, Town of Smithfield Community Development and Planning, Planner, not in CRS yet (no mic)

CRS Workgroup Meeting Room: [VA Floodplain Management Association](#)

CRS Workgroup Meeting Room: Here's the workgroup website: <http://www.coastalvacrs.com/>

Mary-Carson Stiff, Wetlands Watch: Any questions from the zoom attendees?

Mary-Carson Stiff, Wetlands Watch: Also, has anyone had a GOOD experience (recently) requesting and receiving repetitive loss data?

Tom Brockenbrough: No on the Rep Loss. Requested it earlier in the year. Heard back from FEMA Region III on what I needed to do to get it. Did that and heard back just to use the 2018 list.

Elizabeth Thurber: Last week Angela Davis from VA said she would put out guidance on how to request the rep loss data. She said she would put it in the newsletter and also send it out.

CRS Workgroup Meeting Room: Here is Angela's email: Angela.Davis@dcr.virginia.gov

Tom Brockenbrough: Are Flood Fridays still going on? I heard they were cancelled over the summer in lieu of something quarterly but never heard about them starting back up

Elizabeth Thurber: Flood Fridays are now quarterly not monthly.

CRS Workgroup Meeting Room: Here's the [link to the RFI](#)

CRS Workgroup Meeting Room: Link to [NRDC/ASFPM petition letter](#)

CRS Workgroup Meeting Room: Link to [Code of Federal Regulations](#)

CRS Workgroup Meeting Room: Link to [Congressional Research Service NFIP report](#)

Whitney McNamara: Require freeboard/planning for sea level rise

Nora Jackson: Link to another [Congressional Research Service Report](#) from Diane Horn that was updated just a couple weeks ago

Elizabeth Thurber: It can be difficult to adhere to and enforce the minimum standards- much push back from impacted landowners. But they do need to be updated

Mary-Carson Stiff, Wetlands Watch: Don't forget to fill out the poll - last one for credits!

Tom Brockenbrough: Nothing from Accomack

Elizabeth Thurber: nothing from Arlington

Whitney McNamara: Nothing from VB

Mark Bowden: Nothing from Chincoteague

Debrah Rose: Nothing from Portsmouth

Dannan O'Connell: Nothing from Charlottesville...

Greta Hawkins: Nothing from Hampton

Ashley Gordon, HRPDC: Here is the [link to the current elevation certificate data](#) (parcels and building footprints available) for Hampton Roads

Tom Brockenbrough: Thanks, M-C everyone
