

WORKING TOGETHER FOR A STRONGER VIRGINIA

**CRS Workgroup Meeting Zoom Chat
September 29, 2021
Online Zoom Meeting**

John Bateman: Always wanting to learn more

Tammie Clary: No Mic set up (sorry). Tammie Clary with the Town of Smithfield.

Tammie Clary: Yes. :-) Thank you.

Michael Woolson: Sorry, Thought my microphone was on

Michael Woolson: JCC, Class 5 Community

John Bateman: Very grateful for that

Mark Kluck: My microphone is down

Mark Kluck: Mark Kluck with Town of Smithfield. I am the new Planner for them

Tom Brockenbrough: Accomack County, Class 6

Deirdre Wells: Thanks for the CEU work!

Kristin Owen, Henrico County: Kristin Owen, Henrico County - actively working to join CRS

Tristian Barnes City of Norfolk: You can email me at Tristian.barnes@norfolk.gov as well!

Kristin Owen, Henrico County: we're going to try to meet this credit, but we may not get it done in time for our verification visit

Michael Woolson: Correct.

Michael Woolson: We are looking into it

Michael Woolson: We do have individual watershed management plans, not sure what is needed to carry those over the finish line.

Michael Woolson: I need to get up with Darryl on this.

R. Darrell Smith: I have to leave for another call. Thanks for a very interesting presentation!

John Bateman: What discussions have been had around the use of the properties?

Tom Coghill: I have a question...

John Bateman: Does the acquisition of property accelerate the devaluation of adjacent properties?

Mary-Carson Stiff, Wetlands Watch: I just stopped sharing so the recording will include people's faces during discussion.

Tom Coghill: The condition of these properties must have a negative impact on the assessed value, correct?

John Bateman: Avoiding gentrification seems like a considerable obstacle.

Tom Coghill: Thanks Kathie.

Kathie Angle: Howard, Kathie, and Hai would like CFM credit. Newport News uses City funds

John Bateman: How many projects vs. planning vs. studies out of the 30?

Aislinn Creel: Can you repeat the approved Resilience Plans?

Aislinn Creel: Thank you!

Mohammad Shar: Newport News Team, great job and very interested presentation, thank you all.

Danielle Spach: I have to jump off. Thank you everyone for all of the great information.

Skip Stiles - Wetlands Watch: Is the grant manual going to be updated before the next round? Russ Baxter when he was at DCR said it would be.

Kristin Owen, Henrico County: How will the awards be announced tomorrow? Will this just be an email to the applicants, or will there be a press release like is sometimes done for the other grants?

Skip Stiles - Wetlands Watch: Will the unused 25% setaside for "low income geographic areas" be rolled over to next year as Josh Sachs said it would?

Tom Brockenbrough: Off topic but a question for FEMA and DCR - Has there been any movement with respect to remapping the LiMWA areas of Coastal VA

John Bateman: Have there been discussions about dedicating DCR and VRA staff to the CFPF? If the program is to be as robust as anticipated, I would hope so.

Madison Teeter, Wetlands Watch: <http://www.coastalvacrs.com/vacfpf>

Darryl Walker: Thanks.

Mary-Carson Stiff, Wetlands Watch: <http://www.coastalvacrs.com/s/Wetlands-Watch-FEMA-Request-for-Information-CRS-Next-Comments.pdf>

Tom Brockenbrough: Glad to hear that, with Newport News' presentation some comments about Activity 610 qualifying might be a good one
