

## CRS Activity 450 Workshop & Learning Assessment Instructions

The Activity 450 Workshop consists of two training videos and a learning assessment. The workshop is intended to give an overview of Activity 450: Stormwater Management and provide information on how to receive, calculate, and document credit for all four elements within Activity 450. Additionally, those that pass the learning assessment will earn 2 continuing education credits (CECs) towards their Certified Floodplain Manager (CFM) certification. The content of the workshop is broken up into two videos:

- Part 1: Stormwater Management Regulations
- Part 2: Watershed Master Plan, Erosion and Sediment Control Regulations, & Water Quality Regulations

The cost of the workshop, which includes access to both training videos and the learning assessment, is \$25 per person. Below are written instructions with corresponding screenshots on how to access, purchase, and complete the Activity 450 Workshop created by Wetlands Watch. The videos and learning assessment are housed on ClassMarker. Please review the instructions carefully. Note - there are screenshots provided below each step.
